REVIEW OF MARKETS FINANCIAL AND COMMERCIAL

Stocks, Money, Exchange, Bonds, Grain, Cotton, Provisions, Etc.

New York, March 16.—Whatever significance attached to to-day's stock managed attached to to-day's stock can be a second as a small scale, and even at that was congested in a few of the specialties. Third Avenue continued to absorb a large share of attention, and was the only stock on the list with any considerable range in the price fluctuation. After ward over five points and closed with a net gain of 2½. Sugar was active, but showed a comparatively narrow range, and ended the day with a small red gain. People's Gas more than retrieved an early decline, and Pacific but the dealings were small, prime fluctuations narrow and the list of stocks dealt in a short one.

That the general tone was firm was probably due to the fact that the bear traders bought stocks to cover short any outside speculative demand, but there was some investment buying here and there on a small scale. Proposed that to-morrow's bank statement may fall slightly short of hee banks are them. This is the first time this has happened in over three weeks, and brings down the losses by the banks is indicated of only about the prospect that to morrow here banks are certain to be wiped out to pensions. On the currency movement by express to the interior a net loss by the banks is fulced to flustrations between them. This is the first time this has happened in over three weeks, and brings down the losses by the banks is due to the disbursance of the banks and indicated of only about \$10,000,000 lnest week. To-day's gain by the banks is fulced the disbursance of the banks are certain to be wiped out to morrow.

Money on call was in good supply for
most of the day at from 4 to 4½ per
cent., and the late flurry was accompanied by rather palpable manipulation,
the rate quickly yielding under the offerings brought out. But whatever
may remain of the surplus, it is certain
to be smail. The impression is general,
however, that to-morrow's statement
will show the low-water mark for reserves, and that the factors of replenishment will begin to show effect next

Bonds were relatively most

Bonds were relatively more actively more actively associated than stocks, some of the dormant high grade issues being dealt in at advancing prices. At other points prices yielded. Total sales, par value, \$2,075,000

Cured by Johnson's Dyspepsia Cure

"I suffered over two years with Indigestion and
Nervous Dyspepsia, unable to eat or sleep. I
tried several physicians and different remedies,
hat they only helped me for a short time. A
friend advised me to take Johnson's Dyspepsia
Cure. I have taken three bores, and am now
feeling better than I have for two years. Have
a good appetite, sleep well and have none of the
symptoms of Indigestion or Dyspepsia, while
I have gained ten pounds in weight within a
comple of months. I nm taking pleasure in recommending Johnson's Dyspepsia Cure whereever I can, and several of my friends are taking
it with marked results."—L. A. Arnold, Cinn.
